- Our owners are downsizing and the new house awaits – selling now!

It's hard to choose what to love the most about this home, solid, spacious and its obvious quality are first to impress. The enormous entertainer's kitchen boasts the best appliances including an induction cook top with in-built bain marie and grill. The second steam oven, built in microwave and coffee machine, and plus size pantry and fridge space will not disappoint even when catering for the largest of occasions.

The huge deck with its cantilevered pergola is perfectly oriented to the North East and overlooks the beautifully landscaped pool and surrounds. There's no shortage of garden space on this big block, it's fully fenced with privacy front wall and electric gates and includes plenty of room to park a large van and second car, boat or extra family vehicles.

The double garage with its epoxy flooring and extra storage space is a stand-alone structure together with the ample games room. This space would make for a very easy conversion to a separate home business base or even a secondary dwelling or granny flat.

Set high in a quiet cul-de-sac amongst other quality homes, its elevation provides glimpses of nearby Currimundi Lake and Dicky Beach and attracts cooling coastal breezes and ample natural light.

With a focus on sustainability and clean living the home has 33,000 litres of rainwater which is UV treated in a whole of house filtration system, the 5kw solar panels and solar hot water help to keep running costs down.

Inspection will not disappoint, we invite you to attend one of our upcoming open homes or call to make a private viewing appointment.
