Set well back from the road and shielded by established gardens, the property backs onto farm land, so your enjoyment of the natural quiet and privacy will only be interrupted by the birds. Built by respected local builder s Ultima Homes, the quality construction and layout allows easy segregation of the home to suit the needs of a growing family or guests.

Built in 1995 the home has been wonderfully well maintained but there is scope to do some cosmetic modernising to suit your own tastes.

There is so much to love about the Montville lifestyle, starting with the village itself with its array of cafes and restaurants with stunning outlooks. There is no shortage of natural beauty to enjoy on walks and drives, retreats and hideaways, picnics and barbecues both on the Hinterland and the great Sunshine Coast. Baroon Pocket Dam for picnics and canoeing and Kondalilla Falls with its various walking trails and swimming holes are just minutes away, and from there the exploring just gets better.

A Building and Pest Inspection has been done and is available for viewing at inspections. A copy of the report can be purchased from the Building inspector and issue in your name for warranty purposes.
